Vampire academy ebook.

Frostbite is the second book in Richelle Mead's internationally bestselling Vampire Academy series, now adapted into a major TV show on SKY and NOWTV. As winter break becomes a deadly trap, Rose Hathaway faces her biggest challenges yet. A massive vampire attack has put St. Vladimir's Academy on high alert, making this year's trip to Idaho's snowy peaks mandatory for the students. However, Rose can't escape her personal struggles. Her forbidden relationship with her handsome tutor, Dimitri, makes things complicated, especially since her closest friend is head over heels in love with her. The serene winter landscape seems like the perfect hideout, but Rose and her heart are more at risk than she ever imagined. With the school's security compromised, Rose must navigate through love triangles, friendships, and vampire threats to save herself and those around her. MTV's Hollywood Crush Blog describes the book as "exciting, empowering, and un-put-downable." Entertainment Weekly adds, "We're suckers for it!" This series has captivated readers with its blend of romance, danger, and empowerment, making Vampire Academy a must-read.
